

INSTRUCTIONS ON HOW TO USE PARKING CARDS

Scripps President's Council and Mercy 1000 members are annual **unrestricted** donors to Scripps Health. One of the benefits associated with this membership is complimentary self-parking at all Scripps hospital parking structures and designated lots.

Below is a snapshot of the current automated system and how to use your President's Council/Mercy 1000 membership card for parking:

1

Hold your card against the sensor pad to open gates.

Gate should open automatically.

3

Press "Call Button" for help.

In case your card does not work, please press the call button and inform security that you are a President's Council member. Then call 858-678-7061 to re-activate your membership.

Please Note: Scripps Health is moving towards an automated parking system at all of our hospital sites.

- Starting January 1, 2016 only gifts toward the greatest needs/unrestricted fund will be granted President's Council/Mercy 1000 benefits.
- President's Council/Mercy 1000 parking cards are no longer issued every year. Instead your card will be **re-activated** each year upon receipt of your President's Council membership renewal.
- One card per family will be issued.
- **If for some reason your card is lost or damaged, please call: 858-678-7061.**
